Are You Upset with the Cost of Books?

WE ARE TOO!

You have the power to eliminate or substantially reduce next year's textbook rental fees!

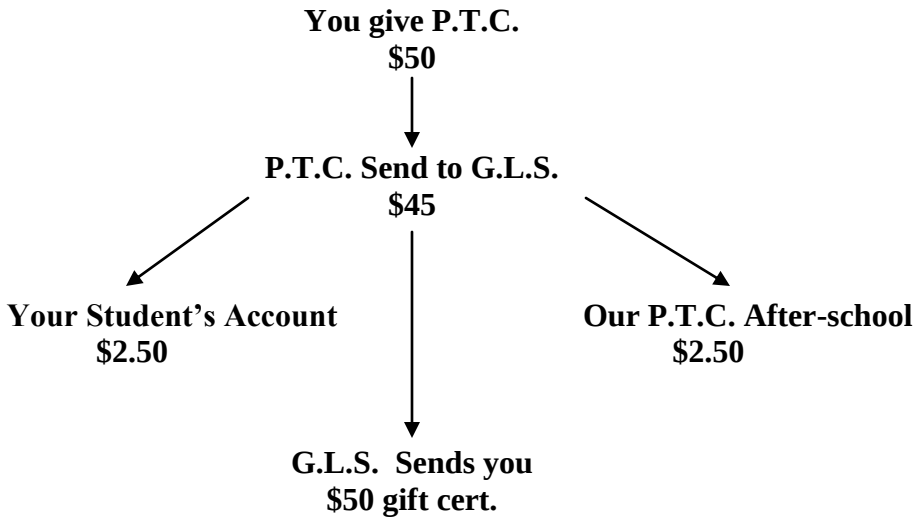
Tenth Street Elementary School's Parent Teacher Club will send a green Scrip order form home with each child every week. Please pay close attention to the due date in the upper right-hand corner. Any received items after that time will be processed the following week.

What's Scrip?
Scrip is another name for a gift card.

How does that produce free textbooks next year?

1) Through a prearranged purchase agreement, our P.T.C. will receive money from you.
2) Then the P.T.C. orders a gift card from the desired company at a discounted rate.
3) You will receive a gift card that is identical to amount of money that was given to the P.T.C., usually within a few days.
4) The discounted rate represents a donation from that Scrip participating business.
5) The discounted rate is split, 50% goes into your child's account and 50% goes into a fund to enhance our after-school education offerings.

Below is an outline of the Scrip process for you:



***Amounts may vary. This is a model of a 10% donation. Please check each companies % of donation column on the order form.**

Remember …the more you buy the cheaper your textbooks will be next year! They might even be free.
